PRESENTATIONS

Following receipt of abstracts, speakers will be assigned to either lectures or poster sessions. Session assignment will be provided with an acknowledgment via e-mail in response to your abstract. Easels with a foam core board will be provided for those of you presenting a poster. The foam core board is 32 inches x 40 inches and can be used horizontally or vertically. **Note:** The MSGC Fall Conference Planning Committee will make every effort to provide a time slot for those requesting a lecture. If times does not allow, we encourage poster presentations and will provide an easel with a foam core board.
